TO WHOM IT MAY CONCERN:

My husband and I recently sold a piece of property through Peter Barnett of JA Barnett Realty Group. We have owned real estate for 25 years in Colorado and worked with Peter for about 1 1/2 years on a rather difficult sale in the St. Petersburg, Florida area. We sold an older building which needed to have just the right client to buy it. We went through about 8 different contracts before the building got sold. Needless to say, it was tiring and demanding. But Peter never made us feel like we were a problem. He was the consummate professional. He did what he needed to do, guided us through many decisions and made the process as enjoyable as possible.

We are grateful to Peter for his hard work, dedication to his craft and for teaching us a few tricks we didn't know. We would recommend him highly to anyone interested in a trustworthy, honest, professional real estate individual.

Sincerely,

Nelson & Alice Hill
